Spring Exam #5

Due date: May 6, 2013

1. 4/1 @ B-2. Holder A22 lifts his right knee off the ground to field the high snap. From this upright position he goes back to the ground with his right knee and starts to place the ball for a kick. As kicker A1 swings his foot to kick the ball, A22 lifts his right knee off the ground and throws a quick pass to A88 standing in the Team B end zone.
2. 2/7 @ A-22. Quarterback A1 drops back into the pocket and throws a legal forward pass toward the sideline. Wide receiver A88 voluntarily goes out of bounds at the A-35. Safety B18 leaps to intercept the pass but is only able to tip the ball higher into the air. A88 jumps from out of bounds and gains firm control of the ball while airborne at the A-36, lands at the A-37 and advances for a touchdown.
3. 1/25 @ A-20. Wide receiver A88 runs a fly pattern and is grabbed by B24 at the A-26. This contact causes A88 to stumble before he regains his balance and proceeds downfield. QB A1 has to scramble and throws an incomplete forward pass that lands in front of A32 at the A-18.
4. 2/10 @ A-3. QB A1 drops straight back into the pocket, which takes him four yards deep in the Team A end zone. Right tackle A77 grabs and restricts B99 at the line of scrimmage then lets him go at the A-1. A77 then grabs B99 again in the end zone and takes him to the ground. A1 completes a legal forward pass to wide receiver A89 at the A-20.
5. 2/6 @ B-22. On a sweep play to the Line Judge side of the field running back A32 is contacted near the sideline by B44. B44 slides off of the runner and lands out of bounds. This causes A32 to lose his balance and step on the arm of B44 while B44 is out of bounds at the B-17. A32 continues to run and is tackled at the B-14.
6. 2/6 @ B-35. QB A1 has to scramble and is at the B-34 when he throws a touchdown to A88 in the Team B end zone. Time in the second quarter expires on the play.
7. 2/15 @ A-10. Wide Receiver A88 leaps to catch a legal forward pass near the sideline at the A-45. While A88 is airborne safety B28 jumps and they jointly control the ball while both are still in the air. A88's right foot lands in bounds at the A-45 just before B28's left foot lands out of bounds at the A-46. Both A88 and B28 fall to the ground in joint control of the ball at the A-47 with neither touching out of bounds again.
8. 2/6 @ A-35. Wide receiver A86 runs a slant route and makes contact above the waist of linebacker B44 at the A-36. Tight end A88 then catches a pass at the A-40 and is pushed out of bounds at the B40.
9. 4/7 @ B-30. A1's field goal attempt is partially blocked by B99 at the B-34. The ball rolls to the B-5 where B18 attempts to pick up the rolling ball and muffs it into the end zone. There is a scramble for the loose ball in the end zone and it is finally recovered by B77 who has a foot touching the end line.
